

# Resin Pipes

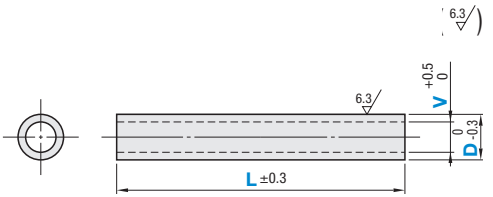

## Finished Bore and Exterior Surface

Round Bars / Rods / Pipes / Resin Rods

Thirteen types of bore and exterior surface finished engineered plastics are added to our lineup. Small diameters are available.

Type	Material	Grade	Color
PIJJ	Polyacetal	Standard	White
PIJK		Standard	Black
PIJM	MC Nylon	Standard	Blue
PIJW		Standard	Ivory
PIJG		Conductive CDR2	Black
PIJT		Conductive CDR2	Black
PIJB	Bakelite	Paper Base	Brown
PIJN		Cloth Base	Light Brown
PIJF	Fluororesin	Standard	White
PIJP	PEEK	Standard	Gray
PIJS	PPS	Standard	Brown
PIJX	ABS	Standard	Beige
PIJU	Ultra High-Molecular-Weight Polyethylene	Standard	Milky White

① PIJS (PPS) generates an oxide film on the surface. The color turns brown when exposed to light and heat (direct sunlight, fluorescent light, mercury lamp and high-temperature atmosphere) for extended duration, however its mechanical and physical properties change little.

② For Material Properties, refer to P.3068-3070.

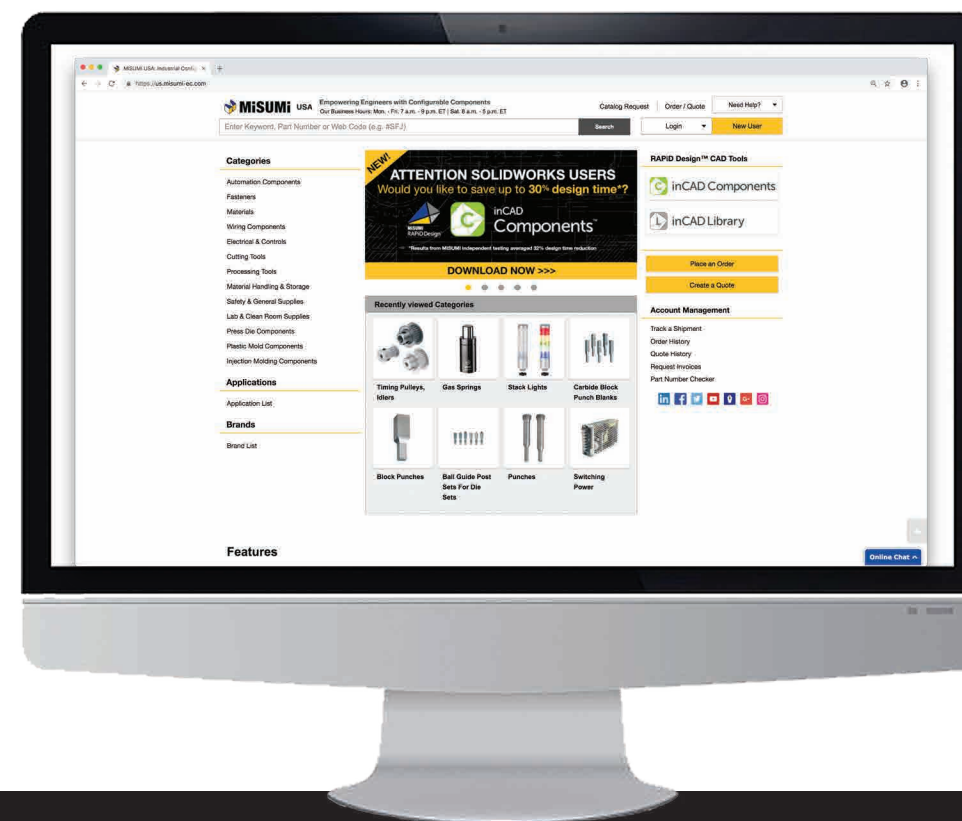

Part Number		V Selection					L 1mm increment
